RED CROSS MEMBERSHIPS HERE NEAR 1000 MARK

There has been splendid response to the roll call for memberships in the Red Cross drive until now almost 1000 names have been enrolled from Kenwood to the Napa county line. Sonoma Valley remembers what the local branch did during the flu epidemic and are generously responding to the fourth Roll Call. During the flu epidemic of November, December and January, 1919, \$634.65 was spent by the Red Cross here on emergency relief. 235 nursing visits were made by Mrs. Green and 10 families cared for.

\$28.50 was spent in relief of families from two homes which were destroyed by fire.

Kenwood branch of the American Legion under the direction of Mrs. George Bailey has used all of the enrollment supplies and will soon be through with the second set. Captains of the various districts are working hard and feel sure that Sonoma Valley will go over the top.

Miss Henrietta Koch, the public health nurse has proven a splendid leader in the drive.

"VALLEY OF THE MOON" GARAGE HAS OPENED

Sutter and Hilliard, the two young ex-service men who have opened up the garage in the Duhring block under the name of the "Valley of the Moon" garage are giving good service both day and night and car owners express themselves as well satisfied with the mechanical work turned out by the new garage.

Sutter and Hilliard are agents for the famous Lee tires and tubes, A-C Spark Plugs, and handle all automobile accessories. Motorists will find prompt, efficient and courteous service at the "Valley of the Moon" garage.

Last night the Congregational Ladies gave their annual bazaar at the Womens Clubhouse.

GOLDEN GATE FERRY COMPANY INCORPORATED

New Auto Route From Foot of Laguna Street, San Francisco Will Benefit This Section.

Transportation difficulties between San Francisco and Marin County promises to be greatly relieved and this section greatly benefited by the building of the new Golden Gate Ferry which was incorporated this week, and will straightway start to finance the big project on a popular subscription plan. The new company intends to operate auto boats which will accommodate 80 machines every trip between the foot of Laguna St., San Francisco and Sausalito.

One big advantage in having the San Francisco terminal at the foot of Laguna Street is in the relief for the congested condition at the Ferry Building and along the busiest part of the water front. Most of the automobile traffic on the San Francisco side of the bay moves to a point nearer Laguna and Van Ness than the embarcadero. Laguna Street offers a better terminal than could be secured at any other point on the water front. Special attention has been given to parking facilities and on both sides of the bay there will be ample space for automobiles.

Thousands of motorists who would like to view the beauties of the north bay counties on Sundays and holidays do not do so because of the congested condition of the ferry and the long waits on both sides. The peninsula road and other highways are jammed almost beyond their capacity and this ferry service will afford a remedy.

Options have been secured on property needed for the terminals for a long lease with the privilege of buying.

The directors of the company are H. E. Speas, insurance man of San Francisco; Joseph Lucientes, farmer and business man of San Francisco

MRS. ANDERSON HAS SOLD KENWOOD RANCH

Mrs. Ethel B. Davis Anderson, better known locally as Mrs. Winslow Anderson, has sold her 142-acre ranch in Los Guileos Valley near Kenwood to Louis Nielson, who has taken possession. The deed carried internal revenue stamps to the value of \$21. Mrs. Anderson will be remembered by many, as the woman having in charge the horse show at the county fair last August.

HIGH SCHOOL NOTES

On Wednesday, November 17, a record was broken in the attendance of the high school. It was 100 per cent. There were no absences, the first time in three years.

The Honor Society is getting a pennant which is to be awarded each quarter to the class with the highest average in scholarship. If a class succeeds in obtaining it successively during the entire year, it may keep the banner.

During the winter months the girls are to receive a course in home nursing as a part of their physical education program. The course will be given by Miss Koch, the Red Cross nurse. The boys are to receive a course in first aid.

Miss Arnot was recently elected Treasurer of the Student Body.

Mr. Golton is planning an interesting program for Washington's birthday, next February, in which six members of his United States History class will take part.

and Kings County; M. J. Zivovich, broker of Sacramento and San Francisco; Frank L. Rust of San Francisco; George B. Rapp, insurance man of San Francisco and San Mateo county. Dudley D. Sales is attorney for the company, H. J. Brunner of San Francisco is consulting engineer.

It is understood that M. H. Hibbard will be local agent for stock in the new company.

WEDDING BELLS WILL CHIME TOMORROW

Mrs. Mamie Delph and Wm. Haley To Plight Troth.

Mrs. Mamie Fochetti Delph, a popular Sonoma girl will be married to Wm. Haley, well known electrical man of Antioch tomorrow (Sunday). Mrs. Delph is a daughter of Julius Fochetti of this place and sister of Julius Fochetti Jr., of the well known firm. She has been a widow for several years and had been making her home here up to a few months ago when she resigned her position at the G. H. Hotz store and went to Antioch. A stately girl with a charm of manner and exquisite taste Mrs. Delph will make an ideal wife for the lucky young man of her choice. The groom is a line man in the employ of the big power companies and is highly regarded by all who know him.

Miss Inez Reed a close friend of Mrs. Delph went down from here to attend the wedding.

Mr. Haley and his bride will reside at Antioch and the two little sons of Mrs. Delph will make their home with them.

VINEYARD PURCHASE WAS A GOOD ONE

1920 Crop From Rhine Farm Almost Paid for the Property.

With the close of the 1920 vintage season more miracles are coming to light or at least they seem like miracles so miraculous have been the prices of grapes this year. The latest luck of prohibition pay streak variety has come out of the purchase of the famous Gundlach-Bundschu vineyard by J. H. Coops who is said to have taken \$10,500 off the 86 acres which he purchased in the Spring for something like \$150 per acre.

Coops had intended to tear out the vines and plant orchard but getting the vineyard a little too late for tree planting, he decided to wait. The wait was a lucky one for the news of big prices steadily grew into reality until purchasers were actually paying over \$100 per ton for grapes in the Sonoma Valley.

The 86 acre vineyard sold by the Gundlach-Bundschu company was thrown on the market by the pioneer firm in order to liquidate their assets, some of the stockholders believing it was best to get their money out in the face of the uncertainties of the national "dry" regime.

The vineyard, while not a heavy bearer was renowned for choice varieties of grapes from which were made the famous Bacchus brand of wines. It attracted the attention of one buyer who is said to have had reverses after putting up a \$1000 deposit on the place. It was then that Mr. Coops who owned adjoining property was interested in it. His first harvest was a profitable one.

Mr. and Mrs. B. F. Campbell who have gone to visit their daughter, Mrs. Ogg are due to arrive in Honolulu this week.

EL VERANO WIDOWER TO TAKE BRIDE

Johannes W. Bolin, the well known El Verano poultryman took out a license to wed Katie Niquet of Feters Springs Monday at Santa Rosa. Mr. Bolin is a widower with a grown family. HOME BUILDING OPPORTUNITY FOR INVESTORS

AS SONOMA is no exception among the communities confronted with too few dwelling houses and as the "own your own home" slogan should be preached everywhere, we are publishing the following findings of the State Commissioner of Immigration and Housing. Sonoma needs many new homes to keep pace with its growth and we believe there are public spirited and shrewd investors here who will see the advantage of building up their community and incidentally getting the returns on their investment which the enterprise would warrant.

"California is confronted today with the gravest shortage of housing in its history," says a report just submitted to Governor Stephens by the State Commissioner of Immigration and Housing, whose experts for months past have been making a study of the housing dearth. The report analyzes the causes of the dwelling famine, and outlines the means by which it may be remedied.

The findings set forth in the report will probably be used as the basis for suggested legislation at the next session, the purpose of which will be to stimulate building by making it easier for the person of small means to build and buy a home.

"The judgment of our housing staff, based on observation and inquiry throughout California," says the report, "is that the residential shortage in California today is perhaps 10 per cent of the present total."

The usual surplus of housing, which must exist if returns and prices are to be controlled by competition, has been wiped out, and must be added to the 10 per cent estimated actual shortage, says the report.

"The loudest demand is for the housing of the wage-earning and salaried classes—the four, five and six roomed dwelling," it is stated.

The "housing problem," in other words, has ceased to be primarily a matter of the slum, and has become a middle-class problem."

SONOMA VALLEY is particularly interested in the campaign now being waged by one of San Francisco's big dailies in behalf of locating the gigantic moving picture industry in Northern California. Heretofore Southern California has had a monopoly on the movie studios and believed that she had all other locations shut out. The San Francisco press is now setting forth the superiority of this part of California as a film producing center. Sonoma Valley was highly complimented by the producers who were here last spring and the woman director, Ida May Parks of the Bessie Love Company thought this a wonderful for the background of film stories. She said the only drawback was our distance from Los Angeles but she went into ecstasies over our valley, our moss bedecked oaks, our beautiful hills and streams and historic landmarks.

Now that a campaign is on to make San Francisco a big producing center it means that the Valley of the Moon has a bright and promising future as the home of the screen.

WITH GENERAL VALLEJO'S name third on the list of recommendations to a place in the Hall of Fame it looks as though California's famous son would be rightly recognized. Many splendid encomiums have been received urging Vallejo's claims to recognition in the matter. Born at Monterey and taking such a prominent part in the state's history and up-building it seems fitting that he should be the leading candidate for the honor and that his statue should have a proud place among the distinguished of the various states. It would be a nice compliment incidentally to Sonoma, our city which he loved, revered and where he grew poor thru his prodigal generosity. More letters might be written by our people endorsing General Vallejo for the honor. Intimate knowledge of the civilization which was preserved in California and spread through his efforts is alone enough to commend him.

THE HEN THAT can lay \$1.00 per dozen eggs is the kind they are now demonstrating at Petaluma where the Sonoma County egg laying contest is in progress. We have Sonoma Valley hens over there in the \$1.00 class, so let's all cackle.

Who comes with smile
From ear to ear
Who like the sunshine
Doth appear
And wraps the town
In goodly cheer?
The Farmer!
Cause the rain is here.

CIVIC PRIDE in Healdsburg is a strong factor as can be gleaned from the fact that the Healdsburg High School grounds are to be laid out by a landscape gardener, the famous McLaren of Golden Gate Park fame. Healdsburg not only has a magnificent High School building but intends to have all the finishing touches put on also. No doubt it will be one of the community's best assets.

AND NOW FROM northern Sonoma County we hear more about Lloyd Albrecht's slanders of brides and slabs of fame over mere ditches and culvert sink. Perhaps the late county engineer thought he was bridging the gap between him and the taxpayers' affections when he went in for such engineering feats.

PRESIDENT HARDING has had the experience of getting stuck in the mud. One can wiggle out of that but there are things ahead which the President may get tangled up in which will not be so easily shaken off.

"HUNTING FOSSILS IN CHINA" is the headline in a recent newspaper article. Why do we hunt when investigators might still find some in Sonoma, though we confess they are fast becoming extinct even here.

THE TERM "home spun Democracy" sounds good and suggests a wholesome Americanism, which in refreshing contrast with present day fads, fancies and fallacies.

THANKSGIVING IS COMING and those of us who cannot be thankful for anything more can be thankful for rain. A dry county is wet. Not sed.

REPORT OF SONOMA COUNTY EGG LAYING CONTEST

At the end of the second week, November 14th, of the Sonoma County Farm Bureau Egg Laying Contest at Petaluma, the standing of the five highest pens composed of ten hens each was as follows:

V. H. Guthrie, Petaluma, 81 eggs; T. G. King, Petaluma, 81 eggs; Ray Cole, Petaluma, 76 eggs; J. F. Kohnke, Kenwood, 71 eggs; S. P. Nielson, Petaluma, 68 eggs; Gorica & Surich, Sonoma, 66 eggs. The following were the highest individual pens:

T. G. King, 12 eggs; V. H. Guthrie, 11 eggs; J. J. King, 11 eggs; J. E. Iddings, 10 eggs; Max Herrerias, 10 eggs; W. L. McAllister, 10 eggs; Knox Boudie, 10 eggs; J. E. Leach, 10 eggs; M. D. McLeod, 10 eggs; M. S. Baker, 10 eggs.

The Board of Directors of the Egg Laying Contest, with the assistance of Mr. Eason and Mr. Boster, have tried to work out a feed ration for the contest which would be economical and at the same time supply all the demands of a well balanced egg-laying ration. A balanced egg-laying ration is a combination of feeds which furnish just the necessary amounts of nutrients, (protein, nitrogen-free, extract, and fat) to produce the highest and most economical egg yields.

A good egg-laying ration should include (1) a scratch mixture and (2) a mash composed of palatable feeds containing some animal protein feed, considerable bulk and supplying roughly about 1 part of protein to 4-1-2 or 5 parts of nitrogen-free extract and fat, the fat being changed to terms of nitrogen-free extract, which is done by multiplying the fat by 2-1-4. The proportion of protein to total nitrogen-free extract is called the nutritive ratio.

Scratch feed is being fed in litter one-third early in the morning and two-thirds late in the afternoon. Mash is being fed dry in hoppers and will be before the birds at all times. Greens are being fed both morning and afternoon in hoppers. Lights are now being turned on at 5 a. m., and will be turned on 15 minutes earlier each week during this month and the hens will be under lights by 4 a. m. during the winter months.

NATIVE SONS VISIT SANTA ROSA PARLOR

Sonoma Parlor, Native Sons of the Golden West, was well represented at the meeting of Santa Rosa Parlor Saturday night. \$200,000 THEATRE OPENS TUESDAY AT NAPA

Hippodrome Will Present Great Attractions Both Vaudeville and Pictures.

With the opening of the Hippodrome Theatre at Napa Tuesday night this section of the state will have one of the finest play houses to be found anywhere.

The theatre has just been completed at a cost of \$200,000 and is a beautiful fire-proof play house, modern in every respect.

The opening night promises to be a brilliant occasion, one that will live long in the annals of Napa as it marks a new era in the fame of that city as an amusement center.

The Hippodrome features "Civilian Clothes", the Thomas Meighan photoplay on opening night. Meighan is cast as the overseas captain who marries a society girl and returns home in civilian clothes only to be snubbed by his wife. The manner in which he brings her to earth is amusing in the extreme. In conjunction with this play is the comedy "The Suitor", the always interesting Pathe News Weekly and "When Dreams Come True."

The fifteen piece orchestra under the direction of Thos. D. VanOsten will render a splendid concert with popular jazz and classic numbers.

The Thanksgiving attraction is the famous children performers Dorris De Fidler, Kiddie Review, "Let's Go." Twenty-three children are in the cast and come direct from the leading vaudeville circuits of the West. They will head the Hippodrome bill Thursday and Friday.

Many theatre parties from Sonoma Valley are planning to attend the Hippodrome during the opening week.

MOTORED TO WINDSOR DESPITE HEAVY RAIN

A jolly party of Odd Fellows and Rebekahs braved the rainy night Wednesday and motored to Windsor, 32 miles away, to affiliate with the Lodges there in a fraternal evening. The Cadillac bus driven by Jep Valente over almost impassable roads in fine time and without accident carried fourteen or fifteen of the party, while others went with Miss Jessie Hiser in her car, and with George Stickle.

Besides the lodge work there was dancing and a banquet enjoyed by the big crowd present.

The Sonoma delegation left Windsor at 2 a. m., arriving here about 3:30 Thursday morning.

STATE FARM FOR DELINQUENT WOMEN OPENS IN MARCH

The State Farm for delinquent women situated at Buena Vista on the former Kate Johnson property will be ready for occupancy in March.

The former residence on the estate known as the Castle will house many of the inmates and cottages and other buildings are to be erected. The Board of Control has been asked for \$525,000 to conduct the institution for the next two years. The money was voted by the last legislature.

It is reported that all women prisoners from San Quentin prison will be transferred here when the farm is well started.

Already the Trustees of the new institution have advertised for help under civil service rules to fill positions both inside and out.

"THE LITTLE WHOOPER" COMING TO CLINE

Much interest is being manifested by the theatre-going public of this city over the approaching engagement at the Cline Theatre, Santa Rosa, Wednesday night, Nov. 24th of last season's biggest musical success, Harbach and Friml's musical comedy exquisite, "The Little Whopper."

For several months past, "Oh, What a Little Whopper," "Round the Corner," "The Kiss" and other musical gems from "The Little Whopper" have been sung, whistled and played on the piano and by orchestras all over the country. Therefore, to a large degree the music of the production is familiar to most of our theatregoers.

No musical play has been presented in many seasons that has attained such an enormous degree of popularity as was attested last season by its phenomenal run of an entire year at the Casino Theatre, New York. Its present tour has been arranged only to embrace the principal cities, therefore, this city is fortunate in being included in the list to be visited by such a notable attraction.

"The Little Whopper" will be seen in this city with the same complete production of two acts and five scenes that characterized its engagement in New York. The scenery and wardrobe are claimed to be among the most beautiful and extensive and the cast and chorus have been carefully selected from among Broadway's best.

Seat sale Saturday, Nov. 20. Mail orders now. Prices 50c to \$2.00.

Mrs. Louisa McElroy was called to Novato this week owing to the illness of her daughter, Mrs. O. W. Hall.

SONOMA HAS FINE NEW MERCHANDISE STORE

M. Kaplan Opens Up-To-Date Outfitting Establishment in Bulotti Building.

The latest fashions and most seasonable furnishings are now to be found right in Sonoma at M. Kaplan's new general outfitting store for men, women and children.

Carpenters, painters, decorators and furnishers have transformed the big Bulotti building into a beautiful modern store which was thrown open to the public this week. A large and handsome new stock of ladies wearing apparel is on display and the windows have attracted many during the past week as they remind one of San Francisco's fashionable shopping district along Market, Grant Ave. and Geary Street.

Mr. Kaplan's modern merchandise policy and courteous treatment of customers who are welcome to inspect the store regardless of purchases have already won him many friends in Sonoma and success is predicted for him.

It will no longer be necessary for our people to go to San Francisco or to nearby towns to buy ready made garments and merchandise. Kaplan's will fill every need.

BERKELEY FOLKS TO AID

LONDON LIBRARY PROJECT

The Martin Eden Club, a group of twenty-five young magazine writers, novelists, playwrights and motion picture writers, is to give its first affair, open to the general public, on November 30, at the Twentieth Century Club in Berkeley. It will present an operetta, an interlude, and two one-act plays, for the benefit of the Jack London Memorial Library, to be erected at Glen Ellen, as a place to which California writers can go for study and work. The performance is under the direction of Carlton W. Kendall, formerly of the American Opera Company, assisted by J. Clemenceau LeClerc, a godson of Premier Clemenceau of France, and at one time connected with the Washington Square Players, of New York City.

SOJOURNING IN NEW MEXICO

J. T. McNeary who will be remembered as the pleasant young linotype speed marvel employed by the Index-Tribune last May is in New Mexico where he is sojourning for the benefit of his health.

After leaving Sonoma Mr. McNeary took a position on the San Francisco Examiner and the grind of the big daily and indoor work undermined his health. His father, who is foreman of the Examiner decided it was best to send the young man away.

It is sincerely hoped that the change will greatly benefit him as Mr. McNeary is a young man of ability and made a fine start in journalism while editing a paper in Nevada.

SPEED COST THIS MAN \$40.00

Last Saturday Deputy Sheriff Ryan caught a glimpse of a motor car on its meteoric flight through town and upon investigation found that its occupants were E. F. Ridley and Cal Reams who were headed for Napa and would later return enroute to Santa Rosa. After watchful waiting the eagle eyed officer apprehended the speed burners and took them before Judge Small. His honor fined Ridley, the driver of the car \$40 for violating the state law relative to speeding.

NEW PLUMBER IN TOWN

C. Fisher, a well recommended and up-to-date plumber from Washington has moved to Sonoma with his family and will have charge of the plumbing and jobbing department of the old established firm of J. J. Dunbar on Broadway.

Mr. Fisher is a brother-in-law of Charley Taylor and is residing with his family at the J. B. Small apartments here.

SONOMA VALLEY RECEIVES FINE DRENCHING OF RAIN

Sonoma Valley has been receiving one of the finest drenchings of rain experienced for several years. The fall has been gentle but steady and the warm atmosphere has made ideal growing weather. For the past week the skies have been continually overcast and showers have been frequent. Feed is coming along splendidly and stockmen are jubilant.

Farmers generally are plowing and seeding while orchardists are optimistic after several dry seasons that fruit trees will now revive and continue to produce standard crops.

For three or four years Sonoma and the entire state has experienced a great shortage of rainfall and it reached a point where growers were alarmed, particularly in this valley where there is little or no artificial irrigation. Much grain planted last year did not sprout at all as on the big Jones ranch where hundreds of acres were seeded and did not germinate.

The present rainy spell assures abundant crops the coming season and a period of great prosperity in the Sonoma Valley.

GENEROUS CONTRIBUTION

BY R. C. SPECHT

R. C. Specht, the local surveyor, made a generous contribution to the Cemetery Road fund when he donated his services in surveying and laying out the proposed road in Mountain Cemetery. Mr. Specht's fee would have been over \$40 and his gift of services was much appreciated.

Ford THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2 inch tires front and rear, is a family car of class and comfort, both in summer and in winter. For touring it is a most comfortable car. The large plate glass windows make it an open car when desired, while in case of rain and all inclement weather, it can be made a most delightful closed car in a few minutes. Rain-proof, dust-proof, fine upholstery, broad, roomy seats. Simple in operation. Anybody can safely drive it. While it has all the distinctive and economical merits of the Ford car in operation and maintenance. Won't you come in and look it over?

VINEBURG NEWS

Messrs George McGill and Al Groskopf, two prominent Native Sons, represented Vineburg at the N. S. G. W. festivities at Santa Rosa on last Saturday night. Both gentlemen state that when it comes to having a "swell time" leave it to the Native Sons for the "City of Roses".

Mr. and Mrs. August Figone, after a two weeks visit at the John Batto residence returned to their home in San Francisco on Wednesday last.

Chas. McDevitt, ex-City Trustee of Sonoma but for some time past has held a responsible position with the Southern Pacific Company at the Summit accompanied by Joe Andrieux, also an employee of the S. P. were the guests of Mr. and Mrs. F. Batto on Wednesday and Thursday.

All the talk around these parts now is quail, bass, wild duck and mushrooms, not a "bad bill of fare" but they are easier to talk about than to get, believe me.

LEWIS AND ROSS DISSOLVE PARTNERSHIP AT CALIENTE

There is to be a change in the management of Caliente Villa, Miss Ross and Mrs. Rita I. Lewis having dissolved partnership and Mrs. Lewis is taking over the business.

The property is owned by A. Neumann and has been popularized and widely advertised this season by the two women leasees.

Mrs. Lewis believes there is a big future in the resort and has many plans for its 1921 season.

Attorneys Ray McGlynn and Thos. Lemmon Jr., are representing the proprietors of Caliente Villa in a suit against a San Francisco music concern for the recovery of \$150.

Wilson's Jazz Orchestra has its regular Saturday night dance this evening at the Womans Clubhouse.

Mrs. Caroline Nichelini has returned home after a months visit with relatives and friends in San Francisco and Vallejo.

Miss Nettie McConochie presented an interesting program at the Womans Club yesterday.

The rainfall to date has been 7.88 inches in Sonoma Valley.

MODERN CRANKCASE CLEANING SERVICE

Dirt in your Engine Oil—Get rid of it!

A LARGE quantity of dust-laden air is "inhaled" by the daily operation of an automobile engine. With this road dust, carbon and fine particles of metal get into the lubricating oil and circulate through your engine, lowering the efficiency of its operation. Add to this dirt the gasoline that escapes past the pistons and dilutes the oil—

Here you have a combination that wears and tears and grinds away, every day adding a little more dirt and forcing a little more unnecessary wear on bearing surfaces. Result: slow response—less power—poor performance—shorter engine life.

Our new Modern Crankcase Cleaning Service is the enemy of dirt in the crankcase—it means "clean oil in a clean engine." The

Calol Flushing Oil we use is the new, scientific, thorough flushing agent that does not contaminate the fresh Zerolene refilled into your cleaned crankcase. This modern, convenient service, given quickly and at a nominal cost, returns your engine to you clean and fresh, ready to give that satisfactory performance you expect. Today: Bring in your car for Modern Crankcase Cleaning Service.

COMMISSION SUIT ON OVER BIG WINE SALE

The cause was submitted to court for hearing in the suit of A. J. Perelli-Minetti vs. Paganelli brothers in Judge Emmett Seawell's department of the superior court today.

The case grows out of a transaction involving 90,000 gallons of wine. The plaintiff in his cause of action alleges that in 1918 he sold 90,000 gallons of wine for the defendant at 46 cents a gallon. He alleges that the defendant promised to pay him a commission of 2 1-2 per cent on all sales, and claims that defendants owe him \$1026.52.—Santa Rosa Republican.

The Rebekahs and Odd Fellows plan to attend a big time at Reno Nevada shortly.

RESPONSIBLE DECLARES BOARD OF INQUIRY

The committee named by the S. P. company to inquire into the death of Caesar Aquistapace who was struck by a train and killed on a crossing November 6th found deceased responsible for the accident. They recommend legislation to make drivers "stop, look and listen." The committee members included A. W. Weaver and Emmet Mullen of El Verano.

Mrs. Edgar Clements has been ill with a severe cold but under the care of Mrs. Green is now convalescent. Mr. Clements expects to go to the hospital for the third operation since his tractor accident.
